

# SATCHA TAKAM ANDRE

☎ +237 680528561 ✉ [parfaitandre5@gmail.com](mailto:parfaitandre5@gmail.com) 🐙 [github.com/Stacvirus](https://github.com/Stacvirus)

## Technical Skills

---

**Languages:** JavaScript/TypeScript, Java, Python, HTML/CSS

**Frame Works/Libraries:** React.js, Node.js, Spring Boot, React Native, Redux, React Query, Express, Styled Component, Jest, Playwright, MaterialUi, GraphQL

**Software & Tools:** MongoDB, PostgreSQL, Docker, Git, GitHub

## Projects

---

**Todolist | Java, Spring Boot, PostgreSQL, MongoDB, JWT, RabbitMQ, Eureka-Server** Aug-13-2024

**Role:** Backend Developer

**Features:**

- API Gateway to communicate with the frontend.
- CRUD feature to handle the to-dos
- Microservice inter communication handled with RabbitMQ
- Service discovery implemented with Eureka server

**Link:** [https://github.com/Stacvirus/ToDoList\\_Microservice\\_Impl.git](https://github.com/Stacvirus/ToDoList_Microservice_Impl.git)

**PatientorMedicalCare | React.js, TypeScript, Node.js, Express, MaterialUi, GraphQL** May-20-2024

**Role:** FullStack Developer

**Features:**

- GraphQL queries to communicate with the frontend.
- CRUD feature to handle the creation of new patients with their consultation results.
- All UI components was done with MaterialUi

**Link:** <https://github.com/Stacvirus/PatientorMedicalCare.git>

**savEarth(contributor) | React.js, Node.js, MongoDB, Express**

**May-03-2024**

**Role:** Backend Developer

**Features:**

- RESFull API endpoints to communicate with the frontend
- A Data Base (MongoDB) to store data
- User administration(json-web-token)
- CRUD feature to handle the post of blogs

**Link:** <https://savearth.onrender.com>

**Blog App | React.js, Node.js, MongoDB, Express, Jest, Playwrite, CSS**

**April-10-2024**

**Role:** FullStack Developer

**Features:**

- RESFull API endpoints to communicate with the frontend
- A Data Base (MongoDB) to store data
- User administration(json-web-token)
- CRUD feature to handle the post of blogs
- Frontend implemented with React and CSS for styles

**Link:** <https://blogapp-ueha.onrender.com>

## **Experience**

---

**KFokam Research-center | Internship**

**June 2024 - Aug 2024**

- Junior Backend Developer

**ABT-Technologies | Internship**

**July 2022 - Sep 2022**

- Electrical Installation
- Plans and quotations conception

**GLOTECH-ENGINEERING | Academic Internship**

**June 2021 - Sep 2021**

- Hardware and software Maintenance (Medical equipment & Computers)
- Operating System Administration (Windows & Linux)
